MINISTRY OF SOCIAL JUSTICE & EMPOWERMENT
NEW DELHI
BABU JAGJIVAN RAM CHHATRAWAS YOJNA

(Formerly known as the Centrally Sponsored Scheme of Hostels for SC Girls & Boys)

1. BACKGROUND

1.1 The scheme of construction of hostels is one of the means to enable and encourage students belonging to Scheduled Castes to attain quality education. Such hostels are immensely beneficial to the students hailing from rural and remote areas. The scheme of construction of hostels for SC girls is in operation from the Third Five Year Plan, while for boys, the same was started with effect from the year 1989-90.

2. OBJECTIVES OF THE REVISED SCHEME

2.1 The primary objective of the revised scheme is to attract the implementing agencies for undertaking hostel construction programme, especially for SC Girls towards the broader vision of containment and reduction of their drop out rate. The other objectives are (i) having a girls hostel with a capacity of 100 seats, in every block headquarters/of low literacy Districts not having one now, by way of priority, (ii) reduction in gestation of construction period and (iii) having an effective mechanism for monitoring, review, quality control etc.

3. IMPLEMENTING AGENCIES AND ELIGIBILITY

3.1 The Scheme will be implemented through the State Governments/Union Territory Administrations and the Central & State Universities/institutions and they will be provided eligible central assistance as per provision of the scheme, both for fresh construction of hostel buildings and for expansion of the existing hostel facilities.

3.2 The Non-Governmental Organizations (NGOs) and deemed Universities in the private sector having good track record will be eligible for the central assistance under the Scheme only for expansion of their existing hostel facilities.

4. LOCATION AND SCOPE OF HOSTELS

4.1 While sanctioning hostels priority should be given to areas having concentration of SC population of 20% and more and without adequate hostel
facilities for SC students. Preference will be given to integrated hostels (which are part of established educational institutions) over stand-alone hostels.

4.2 In case of girls, the hostels will be located in areas having low SC female literacy. The girls’ hostels will be constructed in close vicinity (as far as possible within a radius of 200 meters) of the educational institution.

4.3 Focus will be given for construction of hostels for middle and higher secondary levels of education. However, hostels can also be constructed for college and University levels of education.

4.4 The construction of boundary walls, two rooms set for hostel warden and one room set for Chowkidar would be an integral part of the hostel scheme.

4.5 The expenditure on maintenance of the hostels will be borne by the implementing agencies concerned from their own funds.

5. **STRENGTH OF THE HOSTELS**

5.1 The capacity per hostel should not exceed 100 students. In exceptional cases, hostels with larger capacities can be considered. Each hostel room should accommodate 2-3 students. No single room accommodation would be provided in the hostels.

6. **FUNDING PATTERN**

6.1 **Hostels for SC Girls**

(a) 100% central assistance would be provided to the State Governments/UT Administrations and the Central & State Universities/institutions;

(b) 90% central assistance would be provided to NGOs and deemed Universities in the private sector, only for expansion of the existing hostel facilities.

6.2 **Hostels for SC Boys**

(b) 90% central assistance to Central Universities/institutions (remaining 10% cost to be borne by the University/institution concerned), while for State Universities/institutions, the central assistance would be 45%, the remaining 55% cost

*****
1.1. Article 16 of the Constitution enables the Central Government to make special provisions for the socio-economic development of the deprived sections of the society to enable them to share the facilities at par with the rest of the society. Education is pivotal and foundational for any kind of socio-economic development. Education of Scheduled Castes assumes added importance in the sense that it elevates their social status and equips them with the acumen to take advantage of the emerging opportunities both in employment and other economic activities.

1.2 While illiteracy is a general problem for the country cutting across caste, religion, region and such other barriers, its effect on the life and status of the Scheduled Castes stands out prominently as an area of national focus. The females among the Scheduled Caste groups suffer from triple jeopardy in the sense that they suffer from social barriers, then females and then the least literate segment of the society.

1.3 The scheme of construction of hostels aims to supplement the efforts of the State Governments for creating a congenial study atmosphere free from the shackles of domestic chores, so as to encourage students belonging to the target groups to pursue their education career without dropping out. Such hostels are immensely beneficial to the SC students hailing from rural and remote areas.

1.4 While the Scheme of Hostels for SC Girls is in operation since the 3rd Five Year Plan, the Scheme for of SC Boys was started with effect from the year 1989-90. However, it has been observed that the response to the Scheme has not been very encouraging, as expected and preference has gone for construction of more number of boys’ hostels. Weighing all pros and cons and the literacy gap of females in the SC community, it has been decided to incorporate a few strategic changes in the schematic norms, especially for the benefit of SC girls. The revision also aims to incorporate a few enabling provisions for a more efficacious implementation of the scheme towards the broader national goal of having an inclusive society.
